Experts Talk Hiring in Tech

The Tech Connects podcast delivers in-depth conversations with CEOs, thought leaders, change makers and educators about the latest in tech hiring, HR technology, employer branding and culture, and more.

Featured Episode

Tech Connects Episode 41: Laura Baldwin, President of O'Reilly Media

Our latest "Tech Connects" guest is Laura Baldwin, who's the president of O'Reilly Media. If you've worked in tech, you're well aware of O'Reilly's training offerings, which include a massive online learning platform. I wanted to talk with Laura because of her insight into how companies are upskilling their workers for AI, the ethical implications of AI, and much more.
